Clear	13.40 g/l VOC 1.3%	1 pt EQ credit	5 pts	Exceeds Requirement	Exceeds Requirement
DuraSil	32.86 g/l VOC 3.3%	1 pt EQ credit*	5 pts	Exceeds Requirement	Exceeds Requirement
Roof Assembly Adhesive	43.31 g/l VOC 2.6%	1 pt EQ credit*	5 pts	Exceeds Requirement	Exceeds Requirement
MetaLink	12.39 g/l VOC 1.2%	1 pt EQ credit*	5 pts	Exceeds Requirement	Exceeds Requirement
BARR FP	42.26 g/l VOC 3.04%	1 pt EQ credit	5 pts	Exceeds Requirement	Exceeds Requirement

LEED VOC requirements:

- Multipurpose construction adhesives 70g/Liter
- Architectural Sealants 250g/Liter
- Ceramic Tile Adhesives 65 g/Liter
- Wood & Metal to Metal 30 g/Liter

Additional environmentally friendly properties of Chem Link products:

- All of the above Chem Link products contain no solvent
- There are no isocyanates (TDI or MDI) in any of the above Chem Link products
- Chem Link products are SCAQMD, CARB, and FDA compliant

* Meets LEED requirements for Low Emitting materials in almost all applications and substrates.
